WHY OUTSOURCE?

With our extensive experience and screen manufacturing capabilities, RiteScreen is the company you can trust when you decide to outsource.

WHY DO MANUFACTURERS OUTSOURCE SCREENS?

- Frees floor space
- Allows businesses to focus capital on core window and door manufacturing
- Redeploys scarce labor to what you do best - building windows and doors
- Eliminates inventory and maintenance
- Availability of proven outsourced options and services
- Substantial cost reduction with no change to window design
- Emergence of sophisticated EDI, Sequencing, and JIT Programs

OUTSOURCING TO SAVE

Higher quality at a lower cost. When you outsource with RiteScreen, you get the benefit of screens that represent the best in the industry, while reducing your production costs significantly. Our commitment to lean manufacturing and production can improve nearly every aspect of your business.

We can meet your supply chain needs to any quantity or specification. Additionally, with our uninterrupted production and delivery from manufacturing facilities across the United States, your products will be delivered on time, every time.

OUR PROCESS

1. The RiteScreen Team comes to your facility, performing a comprehensive review of your products, manufacturing processes, and a needs analysis. We offer recommendations on how you can achieve the greatest cost savings.

2. Our R&D department goes to work, continuing to collaborate with your team each step of the way to ensure the design provides the best possible value and that your screens will be the perfect fit for the specific products that your produce.

3. RiteScreen continues consulting with you on your new processes and products. When you decide to outsource, our team of expert fabricators will get to work producing screens using the designs we developed with your team.

4. RiteScreen offers custom-engineered packaging options. Your screens will be delivered from one of our seven strategically located manufacturing facilities to ensure on-time delivery.
